

META-GEN XA-40

Insta-Lift Face Complex

Reduce the appearance of Sagging Skin, Lines, and Wrinkles WITHOUT painful, expensive injections, and WITHOUT dangerous muscle relaxers or harsh chemical ingredients

Meta-Gen XA-40 Insta-Lift works immediately to lift and smooth, and lasts up to 10 hours. In clinical studies, users experienced intensive firming and tightening of facial skin. This revolutionary formula can dramatically reduce and smooth fine lines and wrinkles, tighten pores, lift sagging skin, and reduce puffiness. Active ingredients, derived from plant proteins, are easily absorbed, so Meta-Gen XA-40 Insta-Lift won't flake off skin like other "lift" products. It lasts all day is a not a drug but rather a natural skin care product. The cream is hypoallergenic and has been clinically tested and confirmed as a non-irritant cream. The primary ingredients consist of pure natural botanical oils that actually help to nourish your skin. The product does not contain any harsh chemical ingredients or muscle relaxers. Meta-Gen XA-40 has been dermatologist tested and is kind and gentle to all skin types, even if you have sensitive skin!

The pure natural ingredients allow for the continued safe use of

When used in accordance with the instructions, the product should not leave you with any residue. In the event that you do see anything left behind, it simply means that you have used too much cream in a single application. Simply touch up the area with a damp cloth and cut back on your application size the next time you use the cream.

For best results, we suggest daily use. The cream certainly can be applied more often if necessary and can also be used periodically as a quick touch up for a night out with friends. You may adjust your own personal usage to what works best for you.

Suggested Use: Cleanse, tone, and moisturize skin. Gently smooth a thin film of around the mouth, eyes, and other areas of the face and neck where wrinkles tend to appear or apply to entire face.
